How Your Order Will Arrive

- Your Complete Custom Album will arrive to you complete with your Custom Refill Pages (16/pk) inserted into your personalized Custom Album Cover. Please note: Complete Custom Albums do not include Page Protectors. These can be purchased separately and added to your order.
- Pre-assembled Complete Custom Album features: 12x12 Custom Album Cover with matte bookcloth finish, 12x12 Custom Refill Pages (16/pk) that allow you to create 32 sides of customized scrapbook pages on matte refill paper with reinforced jeeping (they have the same look and feel as our Fast2Fab™ pages).
- Custom Refill Pages are photo-safe (acid-free, lignin-free, buffered paper).

Complete Custom Albums Will Ship with Other Products

After you order your Complete Custom Album, please allow an extra 3-5 days of processing time for your order to ship. Complete Custom Albums will ship with other products in your order (e.g., Tape Runner, Page Protectors). Therefore, if you have a custom product in your order, please choose your shipping option at checkout with that additional processing time in mind.

Themes and Artwork are Available to You in the Designer at No Additional Cost

- New themes for Complete Custom Albums will launch frequently. Watch your Creative Memories Advisor and customer emails for announcements.
- You will notice each theme includes an expiration date next to its name. This is the date the theme will no longer be available. We will continue to add and remove themes to keep designs fresh over time. Themes will expire two times a year either on Dec. 31 or June 30. To view these expiration dates, you must choose the Complete Custom Album product and then click CUSTOMIZE to begin the creation process. After naming your project, you will be able to view all theme expiration dates.
- For each theme available, you will have the ability to add artwork for that theme within the Designer. You do not have to purchase the Digital Artwork separately. This includes artwork for designer papers, Fast2Fab™ designs, elements (stickers and embellishments) and mats for that collection. However, once the theme has expired, this artwork will no longer be available. You can purchase and upload Creative Memories Digital Artwork (and other artwork you own) into the Complete Custom Albums Designer as a JPG or PNG.
- If you place an order for a Complete Custom Album, you will have two years from your purchase date to order that album again (even if the theme has expired).
- Our Designer is not a photo-storage solution. Photos are meant to be uploaded for the creation of a product and we do not guarantee photo storage.

You Can Create Complete Custom Albums in Your Own Software and Print Them with Creative Memories

- When using another program to design your cover, you will need a front cover, back cover and spine. To design your pages, you will need 32 pages to create a 16-page pack of Custom Refill Pages (we print double-sided).
- Any pre-designed page that you upload needs to be a JPG or PNG file at 12.25" x 12.25" at 300 dpi.
- In Artisan, if you use the default 12x12 page size choice, this is actually a 12.25" x 12.25" page. This will work in our Complete Custom Album Designer.
- To add pages that you have designed elsewhere into our Designer, you will upload these pages like you would photos.
- When you choose your theme, choose the Full-Photo Page option. This allows you to add your pre-designed pages to the cover, back and spine.

Matte Finish Pages Allow You to Add Traditional Stickers, Embellishments and Journaling After Purchase

You can use Custom Refill Pages as a simple way to get your photos printed onto a page. You can add traditional stickers and embellishments to your pages once you receive them. This is the perfect way to get quick pages completed but add a personal touch, like journaling, to your pages. The beautiful matte finish of the page (the same finish as our Fast2Fab™ pages) allows for great flexibility.
