## BUILD YOUR OWN EMBELLISHMENT CLUSTERS

Select three embellishments with the same number on the back (e.g., 1A, 1B and 1C). Adhere the “A” embellishment to the page. Add the “B” and “C” embellishments on top of “A” overlapping each one slightly.

Pieces are labeled A, B, C!

## WAYS TO USE MATS

Frame photos!

1. Adhere a photo onto the mat using the Tape Runner to create a framed photo!

Add journaling!

2. Choose a journal box and use a Dual-Tip Pen to write any information or stories about the photos on it.

Add decorative titles!

3. Use the decorative titles to add pizzazz to your page!
