SPINES SHIP SEPARATELY FROM YOUR ALBUM

When you receive your Custom Foiled Spine, you can replace the spine currently in your album with your new Custom Foiled Spine following the steps below:

Step 1

Gently curl the spine over using a flat surface to ensure you are bending in the middle.

Step 2

Pinch the sides of the spine and insert the two square corners into the album first.

Step 3

Gently lower the spine down so the two rounded corners insert into the album.

Step 4

Press down gently and evenly on each end of the spine to fully insert the spine into the album.

WONDERING HOW TO MATCH AN OUT-OF-STOCK ALBUM COLOR?

Use the color wheel as a guide to pick a current bookcloth color (on page 1) that complements your current album.

Pair complementary colors across from each other on the color wheel, such as orange and blue, to contrast each other. Alternatively, pair tints or shades of the same color for a more subtle combination.

Also try choosing colors from the same color family such as warm colors (red, orange and yellow) and cool colors (green, blue and violet).

Please note: Custom Foiled Spines are only available for order with new spines on current bookcloth colors and do not include the album front and back cover or straps. If you plan to add your spine to a new album cover, please order your album cover separately and then replace the spine. You cannot ship CM a spine that you already have to be customized.
