

We now have coffee!

Roasted exclusively for Creative Memories, Flowerdale Mountain Blend Coffee features a rich, robust, smooth flavor and is Certified Fair Trade and Organic. We source only the finest Arabica beans for Mountain Blend – a tradition that began in the 1890s when the family of Creative Memories CEO Caleb Hayhoe began roasting, blending and delivering Mountain Blend Coffee and Flowerdale Tea door-to-door in Canada on carts and sleighs. For 80 years, the Hayhoes worked together to develop their brands into respected, beloved household names in Canada. When they sold the business in the '70s, it became Caleb's dream to bring back and share the family coffee brand. Now, that dream is a reality.

At Creative Memories, we believe every family's history is worth sharing, remembering and cherishing. We hope you enjoy sipping a cup of Mountain Blend Coffee while making memories with those dearest to you.
